INTRODUCTORY SECTION

December 2, 2009

Board of Education
Lane Community College
4000 E. 30th Ave.
Eugene, Oregon 97405

We are pleased to submit the Comprehensive Annual Financial Report (CAFR) for Lane Community College for the fiscal year ended June 30, 2009, in accordance with Oregon Revised Statutes (ORS) 297.405 to 297.555 and 297.990, known as Municipal Audit Law. The responsibility for the completeness and fairness of the data presented and all accompanying disclosures rests with the management of Lane Community College. We believe the report and its data are accurate and complete in all material aspects in disclosing the financial position and results of operations of Lane Community College as of June 30, 2009, and for the year then ended.

Generally accepted accounting principles (GAAP) require that management provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. Lane Community College's MD&A can be found immediately following the independent auditor's report in the Financial Section.

College Description

Lane Community College is a comprehensive, two-year, public college founded in 1964. Lane serves a 4,600 square-mile area from the Cascade Mountains to the Pacific Ocean. The district has a population of approximately 336,000. In recent years, more than 36,000 people take one or more classes at Lane each year (unduplicated headcount). Congruent with its mission, Lane offers a broad range of educational programs leading to four associate degrees: associate of arts/Oregon transfer, associate of science, associate of general studies, and associate of applied science. All Lane educational programs are based on recognized fields of study and are approved by the Oregon Department of Community College and Workforce Development as sufficient in content and length. The College is the second largest of Oregon's seventeen community colleges.

College Mission

Lifelong learning is a key element of Lane's comprehensive mission. Lane is a learning-centered community college that provides affordable, high-quality, lifelong educational opportunities that include:

Professional technical and lower division college transfer programs,
Employee skill upgrading, business development and career enhancement,
Foundational academic, language and life skills development,
Lifelong personal development and enrichment and
Cultural and community services.

Programs

Lane Community College has five major areas of study:

1. Professional-Technical education trains students who want to qualify to work in specific fields.
2. College Transfer courses for students who will continue their education at a four-year college or university.
3. Lifelong learning opportunities through both credit and non-credit courses and workshops.
4. Developmental skill-building classes for people who want to learn basic reading, writing, mathematics and study skills, finish high school, or learn English as a second language.
5. Workforce training and small business development: In cooperation with district businesses and agencies, Lane offers job-related training customized to the organization's needs. In addition, Lane offers training and support for area small businesses.

Economy

Lane County is larger than Delaware and Rhode Island combined. Although 90 percent of Lane County is forestland, Eugene and Springfield combined are the second largest urban area in Oregon. The principal industries in Lane County are agriculture, higher education, high technology, forest products, recreation, RV manufacturing and tourism. Lane County is the home of the University of Oregon and several high tech companies, in addition to forest products companies such as Weyerhaeuser. According to the Oregon Office of Economic Analysis (OOEA) Oregon's per capita income is estimated at \$35,143 compared to the United States per capita income of \$38,500. Oregon's economic analysis for 2009 forecasts employment to decline 5.3 percent. According to OOEA the prognosis is for negative job growth in the Oregon economy in 2010 gradually increasing toward the end of the year into 2011. Decreasing housing starts and declines in home values nationally will likely continue to impact the Lane County building materials industries. Population growth is expected to be slightly higher than the U.S. average, but much slower than the growth experienced in the mid-1990's. Other financial and demographic information can be found in the Statistical Section of Lane Community College's CAFR and budget document.

Governing Bodies

The members of the Board of Education of Lane Community College are duly elected representatives of the people, pursuant to the statutes of Oregon and consistent with the rules of the Oregon State Board of Education. The Lane Community College Board of Education has statutory charge and control of all activities, operations and programs of the College including its property, personnel, and finances. The college is not a component unit of any other entity. The College has one discretely presented component unit, Lane Community College Foundation, for which the College is considered to be financially accountable. The Board of Education comprises seven qualified members elected for four-year terms. Members are elected from five zones within the community college district, and two at-large members.

Oregon State Board of Education

The Oregon State Board of Education is the agency that provides state-level regulations of Oregon's community colleges. The Commissioner of the Department of Community Colleges and Workforce Development serves as an administrative officer for community college matters. The Board establishes state standards for educational programs and facilities and approves courses of study.

College Management

The President, appointed by the local Board of Education, is the Chief Executive Officer of the College. The President and executive team of the college administer policies set by the Lane Board of Education.

Accreditation

The Northwest Association of Schools and Colleges has granted accreditation to Lane Community College. The college's most recent full-scale accreditation visit occurred in October 2004; the commission's report was issued in 2005. The Oregon Department of Education has approved all of the professional-technical programs and college transfer courses.

Independent Audit

State statutes require an annual audit by independent certified public accountants. The Lane Board of Education has selected the accounting firm of Kenneth Kuhns & Co. as its auditors. In addition to meeting the requirements set forth in Oregon statutes, the audit also was designed to meet the requirements of the federal Single Audit Amendment of 1996 and related OMB Circular A-133.

Internal Controls

Lane Community College employs a full time internal auditor to coordinate internal control processes throughout the college. The primary strategy to improve internal controls is education of staff on tools available to improve financial management and process improvement. Another strategy implemented recently is an ongoing program of data testing of records and transactions by audit software to efficiently identify items needing closer review.

Awards

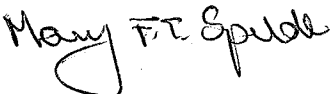

The Government Finance Officers Association of the United States and Canada (GFOA) awarded the Certificate of Achievement for Excellence in Financial Reporting to Lane Community College for its comprehensive annual financial report for the fiscal year ended June 30, 2008. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements. In addition Lane received the Certificate of Achievement for Excellence in Budget Presentation from GFOA for the fiscal year ended June 30, 2008. Both awards have been received for four consecutive years in a row, an unprecedented achievement by an Oregon Community College for both awards in the same years.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

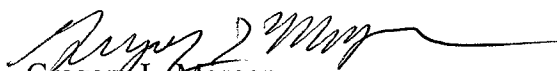

Acknowledgments

We wish to express our appreciation to the entire business office staff for their efforts and contributions to our Comprehensive Annual Financial Report. We further extend our thanks to the staff of Kenneth Kuhns & Co. for their efforts during this audit. We also thank the Lane Board of Education for its support and dedication to the financial health of the college.

Sincerely,

Mary F. T. Spilde
President

Certificate of Achievement for Excellence in Financial Reporting

Presented to

Lane Community College
Oregon

For its Comprehensive Annual
Financial Report
for the Fiscal Year Ended
June 30, 2008

A Certificate of Achievement for Excellence in Financial Reporting is presented by the Government Finance Officers Association of the United States and Canada to government units and public employee retirement systems whose comprehensive annual financial reports (CAFRs) achieve the highest standards in government accounting and financial reporting.

President

Executive Director

FINANCIAL SECTION

INDEPENDENT AUDITOR'S REPORT

December 1, 2009

Board of Education
Lane Community College
Eugene, Oregon

We have audited the statement of net assets of Lane Community College as of June 30, 2009, and the related statements of revenues, expenses and changes in net assets and cash flows for the year then ended. These financial statements are the responsibility of the College's management. Our responsibility is to express an opinion on these financial statements based on our audit. We did not audit the financial statements of Lane Community College Foundation, a discretely presented component unit of Lane Community College. Those financial statements were audited by other auditors whose report thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for Lane Community College Foundation, is based on the report of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The financial statements of Lane Community College Foundation were not audited in accordance with Government Auditing Standards. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit, and the report of the other auditors, provides a reasonable basis for our opinion.

In our opinion, based on our audit and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the financial position of Lane Community College as of June 30, 2009, and the changes in its financial position and, where applicable, its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Management's discussion and analysis on pages 3 through 9 and the schedule of funding progress on page 30 is not a required part of the financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The introductory section, other supplementary information, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements. The other supplementary information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory section and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 1, 2009 on our consideration of Lane Community College's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Kenneth Kuhns & Co.

Kenneth Kuhns & Co.

Management's Discussion and Analysis

Lane Community College

Management's Discussion and Analysis

This section of Lane Community College's (the College) annual financial report provides an overview and analysis of the College's financial performance during the fiscal year ended June 30, 2009. This overview has been prepared by management, along with the financial statements and related note disclosures, and should be read in conjunction with them. The financial statements, notes to the financial statements and this discussion are the responsibility of management.

Overview of the Financial Statements

This discussion and analysis serves as an introduction to the College's basic entity-wide financial statements, which have been prepared in accordance with generally accepted accounting principles. The entity-wide presentation is designed to provide readers with a broad overview of the College's finances, in a manner similar to a private sector business. These financial statements focus on the College's overall financial condition, its results of operations and its cash flows. The entity-wide financial statements consist of:

- *The Statement of Net Assets*, which presents the College's financial position at the end of the year and includes all assets and liabilities. The difference between total assets and total liabilities – Net Assets – is an indicator of the College's present financial condition. Over time, increases or decreases in the College's net assets show whether its financial health is improving or deteriorating. Assets and liabilities are generally measured using current values; capital assets are stated at historical cost, less an allowance for depreciation.
- *The Statement of Revenues, Expenses and Changes in Net Assets*, which presents the College's operating results for the year. Revenues and expenses are generally reported using the accrual method of accounting, which records transactions as soon as they occur, regardless of when cash is exchanged. Usage of capital assets is reported as depreciation expense, which amortizes the cost of assets over their estimated useful lives. Revenues and expenses are reported as either operating or non-operating. Operating revenues come primarily from tuition, auxiliary enterprises (such as the Bookstore), and student financial aid grants. State appropriations and property taxes, while budgeted for operations, must be classified in the statement as non-operating revenues.
- *The Statement of Cash Flows*, which presents information about cash receipts and cash payments during the year. This statement also assists users in assessing the College's ability to generate net cash flows, its ability to meet its obligations as they come due, and its potential need for external financing.
- *The Notes to the Basic Financial Statements* provide additional information that is essential to a full understanding of the data provided in the entity-wide financial statements.

Financial Highlights

- As of June 30, 2009 the College's assets exceeded its liabilities by \$86,152,114 (*Net Assets*). Of this amount, \$17,363,286 is classified as unrestricted net assets. These unrestricted net assets may be used to meet the College's ongoing obligations. The largest component (\$62,199,844) of net assets is the College's investment in capital assets, which represents its land, buildings, machinery and equipment, net of accumulated depreciation and related debt. The College uses these capital assets to provide educational services to its students; consequently these assets are not available for future spending.
- State community college support revenues show a 35.87% decrease from 2008. This is because the state is following a pattern of paying five quarterly state payments (one payment being deferred from the prior fiscal year) in the first year of a biennium and three quarterly payments (the fourth quarterly payment being deferred to the next fiscal year) in the second year of a biennium. Thus there is an uneven revenue flow from the state. This is further explained on page 6.
- In June of 2009 the College issued \$45 million in General Obligation Bonds.
- The College's pension assets experienced a \$16,157,731 loss due to market conditions.
- The College's net assets deteriorated from the prior year.

Analysis of the Statement of Net Assets As of June 30, 2009

This Statement includes all of the assets and liabilities of the College using the previously described accrual method of accounting, which is similar to the accounting presentation used by business. Net Assets is a measure of the College's financial condition.

In summary form Net Assets consisted of:

	2009	2008	% Change
Assets			
Current assets	\$ 70,959,092	\$ 32,146,974	120.73%
Pension asset	50,674,766	71,834,207	-29.46%
Capital assets, net	64,076,784	62,540,863	2.46%
Other noncurrent assets	17,979,490	4,993,382	260.07%
Total assets	<u>\$ 203,690,132</u>	<u>\$ 171,515,426</u>	18.76%
Liabilities			
Current Liabilities	\$ 22,342,351	\$ 17,238,175	29.61%
Noncurrent liabilities	95,195,667	53,277,858	78.68%
Total liabilities	<u>117,538,018</u>	<u>70,516,033</u>	66.68%
Net Assets			
Invested in capital assets, net of related debt	62,199,844	55,955,863	11.16%
Restricted	6,588,984	23,296,176	-71.72%
Unrestricted	17,363,286	21,747,354	-20.16%
Total net assets	<u>86,152,114</u>	<u>100,999,393</u>	-14.70%
Total liabilities and net assets	<u>\$ 203,690,132</u>	<u>\$ 171,515,426</u>	18.76%

At June 30, 2009 the College's current assets of \$70.9 million was sufficient to cover current liabilities of \$22.3 million. This represents a current ratio of 3.2. Current assets consist primarily of cash and cash equivalents, receivables from property taxes, student accounts and grants, plus

bookstore inventory. The College’s noncurrent asset of \$50.7 million is its pension asset, created when the College paid into a PERS investment account used to cover a portion of the College’s unfunded actuarial liability. Also included in noncurrent assets is capital assets (land, buildings, machinery and equipment), net of accumulated depreciation, used to provide services to students.

Current liabilities consisted primarily of payroll, interest and operating payables, plus the current portion (\$8,829,601) of current maturities of long-term obligations. Noncurrent liabilities consist of long-term debt relating to general obligation bonds, pension bonds, and other debt obligations.

Within Net Assets, the “invested in capital assets” amount of \$62,199,844 represents the total original cost of all of the College’s land, buildings, machinery and equipment, and infrastructure, less total accumulated depreciation on these assets, and also less debt related to their acquisition. Restricted net assets consisted of amounts legally restricted for student financial aid grants and loans, debt service, and grants and contracts.

The following graph shows the allocation of Net Assets for the College:

Analysis of the Statement of Revenues, Expenses and Changes in Net Assets For the Year Ended June 30, 2009

The Statement of Revenues, Expenses and Changes in Net Assets presents the College’s operating results, as well as its non-operating revenues and expenses, and reconciles the changes in Net Assets (discussed above). State appropriations and property taxes, while budgeted for operations, must be classified in the statement as non-operating revenues. In summary form the year’s results were:

	<u>2009</u>	<u>2008</u>	<u>Percent Change</u>
Operating revenues:			
Student tuition and fees	\$ 34,986,270	\$ 29,297,111	19.42%
Grants and contracts	71,337,909	46,272,910	54.17%
Sales of goods and services	10,076,217	9,032,167	11.56%
Other operating revenue	<u>5,997,134</u>	<u>6,141,068</u>	-2.34%
Total operating revenues	122,397,530	90,743,256	34.88%
Nonoperating revenues:			
State community college support	23,078,963	35,988,864	-35.87%
Property taxes	20,936,965	18,861,085	11.01%
Investment income-(loss)	708,929	(139,417)	608.50%
Loss on disposal of capital assets	<u>(32,696)</u>	<u>(124,643)</u>	N/A
Total revenues	<u>167,089,691</u>	<u>145,329,145</u>	14.97%
Operating expenses:			
Instruction	49,007,701	45,476,077	7.77%
Community services	5,846,678	5,226,699	11.86%
Instructional support services	4,197,496	3,840,765	9.29%
Student services	19,246,710	18,069,265	6.52%
College support services	13,697,310	9,841,113	39.18%
Plant operations and maintenance	10,520,521	6,062,482	73.53%
Financial aid	60,438,090	40,334,458	49.84%
Depreciation	<u>2,634,292</u>	<u>2,605,782</u>	1.09%
Total operating expenses	165,588,798	131,456,641	25.96%
Nonoperating expenses	<u>19,516,577</u>	<u>3,558,839</u>	448.40%
Total expenses	<u>185,105,375</u>	<u>135,015,480</u>	37.10%
Income (loss) before contributions	(18,015,684)	10,313,665	-274.68%
Capital contributions	<u>3,168,405</u>	<u>-</u>	N/A
Change in net assets	<u>\$ (14,847,279)</u>	<u>\$ 10,313,665</u>	-243.96%

Revenues:

The largest sources of operating revenue for the College are tuition and fees, financial aid, auxiliary enterprise activities, and grants and contracts. Auxiliary enterprise activities are College operations that provide goods and services to students, faculty, staff or the general public, and charge fees directly related to the cost of these goods and services. They include the Bookstore, Foodservices, the Laundry and the Center for Meeting and Learning, and are intended to be self-supporting.

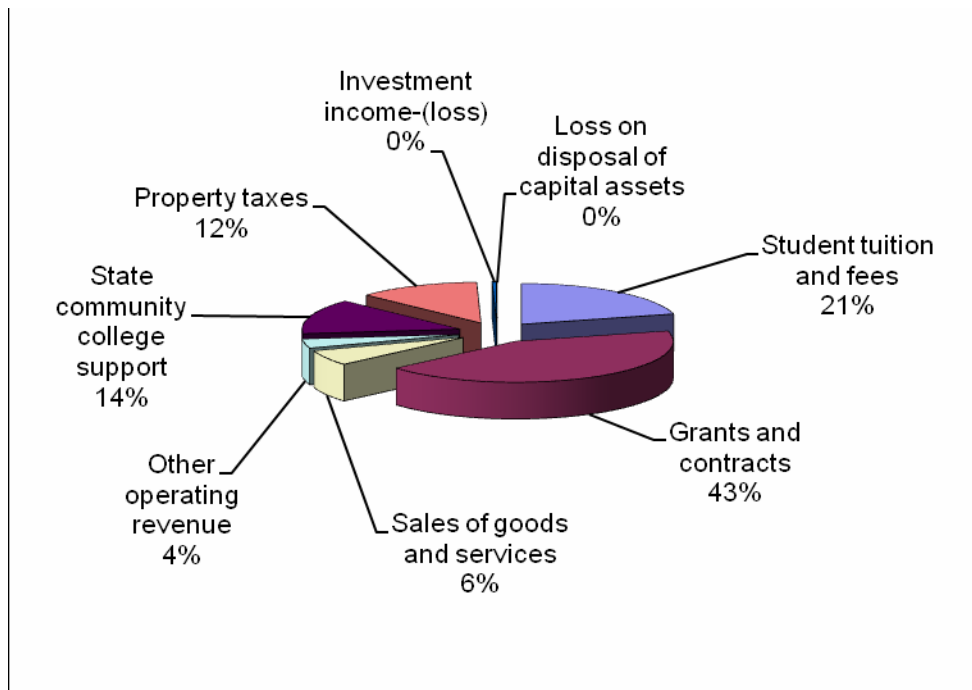

Appropriations from the State of Oregon constitute the largest share of non-operating revenue. The College received \$23,078,963 in State aid in this fiscal year, which represented a 35.87% decrease from the prior year. The reason for this stems from the 2003 legislative session, in which the Oregon Legislature acted to defer their fourth quarterly payment from April until July

in odd numbered years. The fourth quarterly payment for 2007 was shifted from April to July. This increased the College's revenue by \$6,247,229 in 2008 and shifted it from 2007. The fourth quarterly payment of \$7,809,684 for 2009 was shifted from April to July. This decreased the College's revenue in 2009. This produces the large disparity in State aid between 2008 and 2009.

The following graph shows a comparison of revenue sources from 2008 to 2009:

The following graph shows the percentage allocation of revenue sources for 2009:

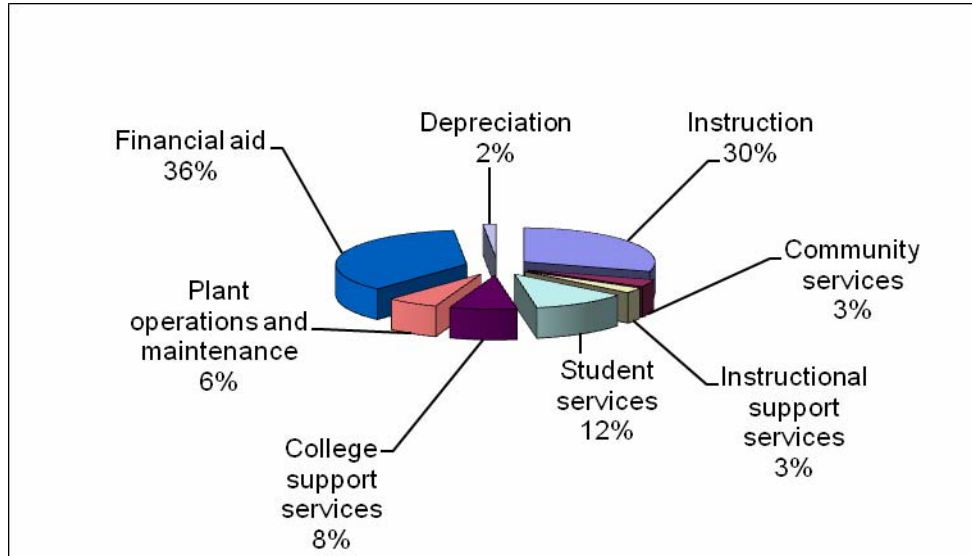

Expenses:

The College expended \$165,296,790 on salaries and benefits, materials and services, utilities, scholarships and depreciation. Financial aid represents the largest percentage of total expenses.

The largest non-operating expense was investment loss on pension asset.

The following graph shows the percentage allocation of operating expenses for 2009:

**Analysis of the Statement of Cash Flows
For the Year Ended June 30, 2009**

This statement provides a measurement of the College’s financial health by supplying information about cash receipts and cash payments during the year. It also assists users in assessing the College’s ability to generate net cash flows, its ability to meet its obligations as they come due, and its need for external financing. This statement is reported on the direct method, which portrays net cash flows from operations as major classes of operating receipts (e.g. tuition and fees) and payments (e.g. cash paid to employees). GASB Statements 34 and 35 require the use of this method for reporting cash flows. In summary form the cash flows for the year were:

	2009	2008	Percent Change
Cash provided by (used In)			
Operating activities	\$(31,689,843)	\$(34,874,408)	9.13%
Non-capital financing activities	40,720,862	46,035,571	-11.54%
Capital financing activities	36,283,161	(7,698,439)	571.31%
Investing activities	<u>(33,608,377)</u>	<u>1,171,512</u>	-2968.80%
Net increase (decrease) in cash	11,705,803	4,634,236	152.59%
Cash - beginning of year	<u>21,764,105</u>	<u>17,129,869</u>	27.05%
Cash - end of year	<u>\$ 33,469,908</u>	<u>\$ 21,764,105</u>	53.78%

The largest sources of cash from operating activities were student tuition and fees, federal student financial aid, auxiliary enterprises and grants and contracts. Major uses of cash were payments made to employees, vendors, and student financial aid.

State aid and property taxes are the primary sources of non-capital financing cash. GASB Statements 34 and 35 require the College to report these sources as non-operating even though the College's budget depends on these sources to continue to provide our current level of educational offerings. The non-capital financing activities and net increase (decrease) in cash had significant changes due in large part to the effect of the State's fourth quarter payments being delayed between years as explained on page 6.

Capital Asset and Debt Administration

Capital Assets:

The College's investment in capital assets at June 30, 2009 amounts to \$64.1 million, net of accumulated depreciation. Investment in capital assets includes land, buildings, machinery and equipment, library collections and infrastructure. Additional information pertaining to the College's capital assets is located in note 3 to these financial statements.

Debt:

At June 30, 2009 the College had total long-term obligations outstanding of \$104,025,268. Additional information pertaining to the College's long-term obligations is located in note 4 to these financial statements.

Contacting the College's Financial Management

This financial report is designed to provide our stakeholders, taxpayers and creditors with a general overview of the College's finances. Questions concerning any of the information in this report or requests for additional financial information should be addressed to:

LANE COMMUNITY COLLEGE

Notes to Financial Statements
Year Ended June 30, 2009

1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The financial statements of Lane Community College have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as prescribed by the Governmental Accounting Standards Board (GASB), including GASB Statement No. 34, *Basic Financial Statements – and Management’s Discussion and Analysis – for State and Local Governments*, and Statement No. 35, *Basic Financial Statements – and Management’s Discussion and Analysis for Public Colleges and Universities*. The College follows the “business-type activities” reporting requirements of GASB Statement Nos. 34 and 35.

(A) Organization and Operation

Lane Community College (the College) was formed in 1964 under ORS Chapter 341. The College is governed by a seven member Board of Education whose members are elected independently.

(B) Description of the Reporting Entity

The financial statements of the College present the College and its component unit, Lane Community College Foundation, for which the College is considered to be financially accountable. The Foundation is a discretely presented component unit and is reported in a separate column in the basic financial statements.

The Foundation is a legally separate, tax-exempt entity and acts primarily as a fund-raising organization to supplement the resources that are available to the College in support of its programs. The Board of Directors of the Foundation is self-perpetuating. Although the College does not control the timing or amount of receipts from the Foundation, the majority of resources, or income thereon, that the Foundation holds and invests, are restricted to the activities of the College by the donors. Because these restricted resources held by the Foundation can only be used by, or for the benefit of the College, the Foundation is considered a component unit of the College and is discretely presented in the College's financial statements.

The Foundation reports as a not-for-profit organization under Financial Accounting Standards Board (FASB) standards. As a result, certain revenue recognition criteria and presentation features are different from GASB revenue recognition and presentation features. No modifications have been made to the Foundation's financial information in the College's financial reporting entity for these differences.

During the year ended June 30, 2009, the Foundation provided scholarships of \$462,026 for the benefit of the College. The College provided personnel and administrative contributions to the Foundation totaling \$356,270 during the year. Complete financial statements for the Foundation can be obtained at: 4000 East 30th Avenue, Eugene, Oregon 97405-0640.

1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Contd)

(C) Basis of Accounting

The basic financial statements are reported using the economic resources measurement focus and accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Property taxes are recognized as revenues in the years in which they are levied. Grants and other similar types of revenue are recognized as soon as all eligibility requirements imposed by the grantor have been met.

The College applies all applicable Governmental Accounting Standards Board (GASB) pronouncements and all applicable Financial Accounting Standards Board (FASB) statements and interpretations, Accounting Principles Board (APB) opinions and Accounting Research Bulletins (ARB) issued on or before November 30, 1989, unless they conflict with or contradict GASB pronouncements.

Operating revenues and expenses are distinguished from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the College's ongoing operations. The principal operating revenues of the College are charges to students for tuition and fees, grants and contracts for specific operating activities of the College and sales of goods and services. Operating expenses include the cost of faculty, administration and support expenses, enterprise operations and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

(D) Use of Estimates

The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

(E) Investments

Investments included in cash and investments are reported at fair value. The College invests primarily in the State of Oregon Local Government Investment Pool and U.S. government and agencies securities. All College investments are authorized by Oregon Revised Statutes. For purposes of the statement of cash flows, cash, demand deposits, the State of Oregon Local Government Investment Pool and short-term investments purchased with original maturities of three months or less are considered to be cash and cash equivalents.

LANE COMMUNITY COLLEGE

Notes to Financial Statements
Year Ended June 30, 2009

1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Contd)

(E) Investments (Contd)

The College maintains depository insurance under Federal depository insurance funds and state and financial institution collateral pools for its cash deposits and investments, except the Local Government Investment Pool and U.S. government and agencies securities, which are exempt from statutes requiring such insurance.

(F) Property Taxes Receivable

Ad valorem property taxes are levied on all taxable property as of July 1. Property taxes become an enforceable lien on that date for real property and for personal property. Collection dates are November 15, February 15, and May 15. Discounts are allowed if amounts due are received by November 15. Taxes unpaid and outstanding on May 16 are considered delinquent. Uncollected taxes, including delinquent amounts, are considered substantially collectable or recoverable through liens; therefore, no allowance for uncollectible taxes has been established. Property taxes are recognized as revenues when levied.

(G) Accounts, Grants and Loans Receivable

Unreimbursed grant expenditures due from grantor agencies are recorded in the financial statements as receivables and revenues. Cash received from grantor agencies in excess of related grant expenditures is recorded as unearned revenue.

Loans receivable consist primarily of student financial aid loans made with federal funds.

Accounts receivable and loans receivable are shown net of an allowance for uncollectible amounts.

(H) Inventories

Inventories, primarily books and supplies, are valued at the lower of cost (first-in, first-out method) or market, and are charged to expense as sold or used.

(I) Capital Assets

Capital assets include land, buildings and improvements, furniture and equipment and library books. The College's capitalization threshold is \$10,000 for all capital assets except library books. Library books are capitalized regardless of cost. Donated assets are recorded at their fair market value on the date donated. Major outlays for capital assets and improvements are capitalized as projects are constructed. The cost of normal maintenance and repairs that do not add value or functionality to the asset are not capitalized, but are expensed as incurred.

LANE COMMUNITY COLLEGE

Notes to Financial Statements
Year Ended June 30, 2009

1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Contd)

(I) Capital Assets (Contd)

Capital assets are depreciated using the straight-line method over the following useful lives:

<u>Assets</u>	<u>Years</u>
Buildings and improvements	10 to 50
Furniture and equipment	5 to 25
Library books	10

(J) Compensated Absences

Vacation payable is recorded as a liability and an expense when earned by employees. Sick pay, which does not vest, is recorded when leave is taken.

(K) Leases

Leases which meet certain criteria established by the Financial Accounting Standards Board are classified as capital leases. Leases which do not meet criteria of a capital lease are classified as operating leases.

(L) Retirement Plans

Public Employees Retirement System

Substantially all of the College's employees are participants in the Oregon Public Employees Retirement System (PERS). Contributions to PERS are made on a current basis as required by the plan and charged to expense as accrued.

Early Retirement Program

The College offers a voluntary early retirement program to management and faculty employees who are between the ages of 55 and 65 and meet certain service criteria. Participants receive a monthly early retirement payment (until age 62 for faculty employees, until age 65 or a maximum of 84 payments for management employees). Payment of benefits is made from a pension trust fund which accumulates employer contributions. The employer contributions are based upon actuarially determined amounts. Pension expense equal to the annual required contribution is recognized on the accrual basis.

LANE COMMUNITY COLLEGE

Notes to Financial Statements
Year Ended June 30, 2009

1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Contd)

(L) Retirement Plans

Other Postemployment Benefits

The College offers a voluntary early retirement health care and life insurance program to faculty and management employees who are between the ages of 55 and 65 and meet certain service criteria. For faculty participants, the College pays the employees' and employee spouses' monthly cost of coverage until the employee reaches age 65 or qualifies for Medicare coverage. Spouse coverage continues until the spouse reaches age 65. For management participants, the College pays the employees' and employee spouses' monthly cost of coverage until the employee qualifies for Medicare coverage or for 84 months, whichever comes first. Spouse coverage ceases when employee coverage ceases. Pension expense equal to the annual required contribution is recognized on the accrual basis.

(M) Restricted Net Assets

Restricted net assets reported in the Statement of Net Assets represent amounts for which constraints were imposed by creditors, grantors, contributors or laws or regulations.

2 - CASH AND INVESTMENTS:

The College's cash and investments are comprised of the following at June 30, 2009:

Cash on hand and other	\$ 80,029
Deposits with financial institutions	11,193,230
Investments	<u>57,078,423</u>
Total cash and investments	68,351,682
Less cash and investments in pension trust fund	<u>(633,346)</u>
Cash and investments, as reported in statement of net assets	<u><u>\$67,718,336</u></u>

Deposits

Deposits with financial institutions are bank demand deposits. The total bank balance, as shown on the banks' records at June 30, 2008, is \$11,532,518. Of these deposits, \$484,754 was covered by federal depository insurance.

LANE COMMUNITY COLLEGE

Notes to Financial Statements
Year Ended June 30, 2009

2 - CASH AND INVESTMENTS: (Contd)

Effective July 1, 2008, the Oregon State Treasurer became responsible for monitoring public funds held by bank depositories in excess of FDIC insured amounts, and for assuring that public funds on deposit are collateralized to the extent required by Oregon Revised Statutes (ORS) Chapter 295. ORS Chapter 295 requires depository banks to place and maintain on deposit with a third-party custodian bank securities having a value of 10%, 25% or 110% of public funds on deposit depending primarily on the capitalization level of the depository bank.

Custodial credit risk for deposits is the risk that in the event of a bank failure, the College's deposits may not be returned to it. The College does not have a policy for deposits custodial credit risk. Of the College's bank balance, \$11,047,764 was exposed to custodial credit risk as of June 30, 2009, because deposits in excess of FDIC insurance were uncollateralized and/or were collateralized but not held by the third-party custodian bank in the College's name.

Investments

State statutes authorize the College to invest in general obligations of the U.S. Government and its agencies, certain bonded obligations of Oregon municipalities, bank repurchase agreements, bankers' acceptances, commercial paper, and the Oregon Local Government Investment Pool, among others. The College has no investment policy that would further limit its investment choices.

	Fair Value	Percent	Maturities	
			0-1 Year	1-2 Years
U.S. Government agencies securities:				
Federal Home Loan Bank	\$ 4,004,947	7.0%	\$ -	\$4,004,947
Federal Home Loan Mortgage Corporation	1,900,000	3.3%	1,900,000	-
Corporate Debt	7,992,392	14.0%	3,843,482	4,148,910
Bankers' Acceptances	11,151,089	19.6%	11,151,089	-
Investment in Oregon Local Government				
Investment Pool	32,029,995	56.1%	32,029,995	-
Total investments	<u>\$57,078,423</u>	<u>100.0%</u>	<u>\$48,924,566</u>	<u>\$8,153,857</u>

Investments in U.S Government agencies securities were rated AAA by Standard & Poor's and/or Aaa by Moody's. Investments in corporate debt were rated AA+ to AA- by Standard & Poor's and Aa2 to A1 by Moody's. The banker's acceptances are not rated.

The College's investment in the Oregon Local Government Investment Pool, is an open-ended, no-load diversified portfolio pool. The fair value of the College's position in the pool is substantially the same as the value of the College's participant balance.

LANE COMMUNITY COLLEGE

Notes to Financial Statements
Year Ended June 30, 2009

2 - CASH AND INVESTMENTS: (Contd)

The Oregon Local Government Investment Pool is an external investment pool which is part of the Oregon Short-Term Fund. Investment policies are governed by the Oregon Revised Statutes and the Oregon Investment Council (Council). The State Treasurer is the investment officer for the Council. Investments are further governed by portfolio guidelines issued by the Oregon Short-Term Fund Board. The Oregon Short-Term Fund does not receive credit quality ratings from nationally recognized statistical rating organizations.

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The Oregon Short-Term Fund manages this risk by limiting the maturity of the investments held by the fund. Weighted average maturities of investments in the Oregon Short-Term Fund at June 30, 2009 were: 75% mature within 93 days, 12% mature from 94 days to one year, and 13% mature from one to three years.

Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty, the College will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The securities underlying the College's investment in the U.S. Government and agencies securities are held by the College's counterparty, not in the College's name.

Foundation Cash and Investments

The Foundation's cash and cash equivalents consist of demand deposits with financial institutions. At June 30, 2009, \$62,130 of these cash balances was not covered by federal depository insurance.

The Foundation's investments consist of funds that are managed by professional fund managers chosen by the Board of Trustees and are invested in U.S. Government and agency obligations, corporate bonds, equity securities, mortgage-backed securities, money market accounts and certificates of deposit. These investments are carried at market or appraised value, and unrealized gains and losses are reflected in the statement of activities. A summary of investments at June 30, 2009 is as follows:

Money market/cash management accounts	\$ 2,893,495
Equity securities	3,973,564
U.S. Government and agency obligations	533,681
Corporate bonds	<u>2,330,428</u>
Total investments	<u>\$ 9,731,168</u>

LANE COMMUNITY COLLEGE

Debt obligations payable	1,040,000	-	260,000	780,000	260,000	42,770
Pension bonds payable	54,077,858	1,514,337	1,580,000	54,012,195	1,750,000	1,529,250
Total	<u>\$ 62,445,324</u>	<u>\$ 49,348,938</u>	<u>\$ 9,167,466</u>	<u>\$ 102,626,796</u>	<u>\$ 8,829,601</u>	<u>\$ 1,849,270</u>

LANE COMMUNITY COLLEGE

Notes to Financial Statements
Year Ended June 30, 2009

4 - LONG-TERM OBLIGATIONS: (Contd)

Bonds Payable

On November 4, 2008, voters approved authority for the College to issue \$83 million in general obligation bonds to be used to renovate outdated infrastructure and instructional technology. In June 2009, the College issued Series 2009 General Obligation Bonds in the original amount of \$45,000,000 to finance the costs of capital construction and improvements to District facilities and to pay the costs of issuance of the Bonds. The bonds will be retired from property taxes levied by the College. The bonds are due annually and interest is payable semi-annually, on June 15 and December 15, with interest rates ranging from 1.25% to 5.0%. Future bonded debt requirements are as follows:

	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2009-10	\$ 3,985,000	\$ 1,596,302	\$ 5,581,302
2010-11	4,360,000	1,514,612	5,874,612
2011-12	4,745,000	1,430,475	6,175,475
2012-13	3,480,000	1,281,075	4,761,075
2013-14	3,780,000	1,176,675	4,956,675
2014-15	1,935,000	1,053,075	2,988,075

Debt Obligations Payable

During 2001-02, the College issued a Financing Agreement Note, Series 2001, in the amount of \$2,600,000. The note is payable in annual principal payments of \$260,000 and interest is payable semi-annually at a rate of 4.7% per annum. The full faith and credit of the College is pledged for the payment of this debt. Future obligations requirements are as follows:

	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2009-10	\$ 260,000	\$ 30,550	\$ 290,550
2010-11	260,000	18,330	278,330

4 - LONG-TERM OBLIGATIONS: (Contd)

Pension Bonds Payable

In April 2003, the College issued \$51,803,948 of Limited Tax Pension Obligation Bonds and transferred the net proceeds to the State of Oregon Public Employees Retirement System to cover a portion of the College's share of the cost sharing plan's unfunded actuarial liability. The resulting pension asset is being used to pay a portion of the College's annual required contribution. Principal payments are due annually through June 30, 2028 and interest is payable in December and June of each year with rates ranging from 2.73% to 6.25%. Future pension bonds requirements are as follows:

	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2009-10	\$ 1,750,000	\$ 1,529,250	\$ 3,279,250
2010-11	1,925,000	1,529,250	3,454,250

2027-28	3,285,000	183,960	3,468,960
	<u>70,555,000</u>	<u>\$ 25,869,154</u>	<u>\$ 96,424,154</u>
Total	70,555,000	<u>\$ 25,869,154</u>	<u>\$ 96,424,154</u>
Less deferred interest	<u>(16,542,805)</u>		
Carrying amount	<u>\$ 54,012,195</u>		

Foundation Obligations under Split-Interest Agreements

The Foundation's obligations under split-interest agreements are recorded when incurred at the present value of the distributions to be made to the donor-designated beneficiaries. Distributions are paid over the lives of the beneficiaries or another specified period. Present values are determined using discount rates established by the Internal Revenue Service and actuarially determined expected lives. Obligations under the split-interest agreements are revalued annually at June 30 to reflect actual experience, but the discount rate is not changed. The net revaluations, together with any remaining recorded obligations after all trust obligations under terminated agreements have been met, are recorded as increases/decreases in contributions in the statement of activities. The net revaluation of split-interest agreements at June 30, 2009 was \$101,679.

Notes to Financial Statements
Year Ended June 30, 2009

5 - RETIREMENT PLANS:

STATE OF OREGON PUBLIC EMPLOYEES RETIREMENT SYSTEM:

Plan Description

The College participates in the State of Oregon Public Employees Retirement System (PERS), a cost sharing multiple-employer pension plan which provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. The system is a statewide defined benefit retirement plan for units of state government, community colleges, political subdivisions, and school districts. PERS is administered under Oregon Revised Statutes Chapter 238 and Chapter 238A by the Public Employees Retirement Board. Participation by state government units, community colleges, and school districts is mandatory. Participation by most political subdivisions is optional but irrevocable if elected. A stand-alone financial report is not available for the College. However, the State of Oregon Public Employees Retirement System issues a publicly available financial report that includes financial statements and supplementary information. That report may be obtained by writing to Oregon Public Employees Retirement System, 11410 S.W. 68th Parkway, P.O. Box 23700, Tigard, Oregon 97281-3700 or by calling (503) 598-PERS.

Funding Policy

PERS members are required to contribute 6% of their annual covered salary. The College is required to contribute an actuarially determined rate. The current rate is 3.05% of annual covered payroll for member employees of the State and Local Government Rate Pool. The current rate is 5.52% of annual covered payroll for member employees of the Oregon Public Service Retirement Plan. The contribution requirements of plan members and the College are established and may be amended by the Public Employees Retirement Board. The College's contributions to PERS for the years ending June 30, 2009, 2008 and 2007, totaled \$1,562,577, \$1,692,126 and \$1,493,873, respectively, equal to the required contributions.

Pension Asset

The pension asset is the result of the transfer of the College's pension bond proceeds to PERS to cover a portion of the College's share of the cost sharing plan's unfunded actuarial liability. This pension asset is separately reported by PERS and is being used to pay a portion of the College's annual required contribution. During the 2008-09 fiscal year, changes in the pension asset were as follows:

Balance - July 1, 2008	\$ 71,834,207
Investment loss	(16,157,731)
Contributions to cost sharing plan	<u>(5,001,710)</u>
Balance - June 30, 2009	<u>\$ 50,674,766</u>

PERS investments are invested with the State Treasurer in the Oregon Short Term Fund (OSTF).

LANE COMMUNITY COLLEGE

Notes to Financial Statements
Year Ended June 30, 2009

5 - RETIREMENT PLANS: (Contd)

EARLY RETIREMENT PLAN:

Plan Description

The College maintains a single-employer defined benefit public employee early retirement supplement plan which provides early retirement benefits to substantially all management personnel who commenced employment with the College prior to July 1, 1991, and all faculty members of the College. The plan was established under collective bargaining agreements with the faculty and contract negotiations with management.

Funding Policy

The benefits from this program are fully paid by the College and, consequently, no contributions by employees are required. Although there is no obligation on the part of the College to fund these benefits in advance, the College has established the Early Retirement Fund, a pension trust fund, to accumulate assets to pay these benefits in the future. The funding policy for this plan provides for actuarially determined transfer of resources to the Early Retirement Fund that is intended to be a constant dollar amount for each employee covered by the plan so that sufficient assets will be available to pay benefits when due.

Annual Pension Cost and Net Pension Obligation

The College's annual pension cost and net pension obligation to the plan for the year ended June 30, 2009, are as follows:

Annual required contribution	\$ 104,593
Interest on net pension obligation	(41,545)
Adjustment to annual required contribution	<u>149,873</u>
Annual pension cost	212,921
Contribution made	<u>(104,593)</u>
Increase-(decrease) in net pension obligation	108,328
Net pension obligation - July 1, 2008	<u>(923,218)</u>
Net pension obligation - June 30, 2009	<u><u>\$ (814,890)</u></u>

LANE COMMUNITY COLLEGE

Notes to Financial Statements
Year Ended June 30, 2009

5 - RETIREMENT PLANS: (Contd)

EARLY RETIREMENT PLAN: (CONTD)

The annual required contribution for the year was determined as part of the June 30, 2007 actuarial valuation using the aggregate actuarial cost method. The aggregate actuarial cost method does not identify or separately amortize unfunded actuarial liabilities. The actuarial assumptions included (a) a rate of return on the investment of present and future assets of 4.5% compounded annually, and (b) 4.25% salary increases per annum for management employees, reflecting both inflation and seniority/merit adjustments.

Three-Year Trend Information

<u>Year Ended</u>	<u>Annual Pension Cost (APC)</u>	<u>Percentage of APC Contributed</u>	<u>Net Pension Obligation</u>
6-30-09	\$ 212,921	49%	\$ (814,890)
6-30-08	\$ 230,792	45%	\$ (923,218)
6-30-07	\$ 218,165	34%	\$ (1,049,417)

Funded Status and Funding Progress

As of July 1, 2007, the most recent actuarial valuation date, the plan was 67 percent funded. The actuarial accrued liability for benefits was \$1,872,515, and the actuarial value of assets was \$1,248,514, resulting in an unfunded actuarial accrued liability (UAAL) of \$624,001. The anticipated covered payroll (annual payroll of active employees covered by the plan) was \$15,013,801, and the ratio of the UAAL to the anticipated covered payroll was 4.16%.

The schedule of funding progress, presented as Required Supplementary Information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets are increasing or decreasing over time relative to the actuarial accrued liability for benefits.

PENSION TRUST FUND STATEMENTS:

Information regarding the pension trust funds, which are not included in the basic financial statements, is detailed, as of and for the year ended June 30, 2008, in the following table:

6 – POSTEMPLOYMENT HEALTH CARE BENEFITS:

Plan Description

The College maintains a single-employer defined benefit postemployment health care benefits plan. The plan provides group health care and life insurance benefits for retired employees from the employees' retirement date to age 65. Substantially all management personnel who commenced employment with the College prior to July 1, 1991, and all faculty employees become eligible for these benefits if they qualify for retirement while working for the College. The plan was established under collective bargaining agreements with the faculty and contract negotiations with management. The College implemented GASB Statement No. 45, Accounting and Financial Reporting for Postemployment Benefits Other than Pensions for the year ending June 30, 2009.

Funding Policy

The benefits from this program are fully paid by the College and, consequently, no contributions by employees are required. There is no obligation on the part of the College to fund these benefits in advance. Funding is on a pay-as-you-go basis. The College made \$1,048,687 in contributions to the plan for payment of benefits in 2008-09.

LANE COMMUNITY COLLEGE

Year Ended June 30, 2009

6 – POSTEMPLOYMENT HEALTH CARE BENEFITS: (Contd)

Annual OPEB Cost and Net OPEB Obligation

The College's annual pension cost and net pension obligation to the plan for the year ended June 30, 2009, are as follows:

Annual required contribution	\$ 1,543,391
Interest on net OPEB obligation	-
Adjustment to annual required contribution	-
	<hr/>
Annual OPEB cost	1,543,391
Contribution made	(1,048,687)
	<hr/>
Increase in net OPEB obligation	494,704
Net OPEB obligation - July 1, 2008	-
	<hr/>
Net OPEB obligation - June 30, 2009	<u>\$ 494,704</u>

The College's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for 2008-09 were as follows:

<u>Year</u> <u>Ended</u>	<u>Annual</u> <u>OPEB Cost</u>	<u>Percentage of</u> <u>Annual OPEB</u> <u>Cost Contributed</u>	<u>Net OPEB</u> <u>Obligation</u>
6/30/2009	\$ 1,543,391	67.9%	\$ 494,704

Funded Status and Funding Progress

As of July 1, 2007, the actuarial accrued liability for benefits was \$9,639,191 and the actuarial value of assets was \$0, resulting in an unfunded actuarial accrued liability (UAAL) of \$9,639,191. The covered payroll (annual payroll of active employees covered by the plan) was \$18,791,644 and the ratio of the UAAL to the covered payroll was 51.3%.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revisions as actual results are compared with past expectations and new estimates are made about the future.

Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and the plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

6 – POSTEMPLOYMENT HEALTH CARE BENEFITS: (Contd)

In the actuarial valuation conducted as of July 1, 2007, the aggregate actuarial cost method was used. The aggregate actuarial cost method does not identify or separately amortize unfunded actuarial liabilities. The actuarial assumptions included (a) a rate of return on the investment of present and future assets of 4.5% compounded annually, and (b) annual rate of increase in medical care costs of 9%, decreasing to 5% after 8 years.

7 - CONTINGENCIES:

Grants receivable and grant receipts are subject to adjustment by grantor agencies, principally the Federal Government. Any disallowed claims, including claims already collected, could become a liability to the College.

The College is involved in various legal proceedings. Management believes that any losses arising from these actions will not materially affect the College's financial position.

8 - RISK MANAGEMENT:

The College is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The College participates in the United Schools Insurance Program of Oregon and pays an annual premium for its property, crime, commercial general liability and automobile liability and physical damage coverages. The Program is to be self-sustaining through participant premiums and reinsures through commercial companies for claims in excess of certain limits.

The College carries commercial insurance for workers' compensation, boiler and machinery, public official bond and employee dishonesty coverage. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three years.

9 – BUDGET:

The College budgets all College funds required to be budgeted in accordance with the Oregon Local Budget Law on a Non-GAAP budgetary basis. The College follows these procedures in establishing its budget:

1. In the spring of each year, the President of the College submits a proposed budget to the budget committee which consists of the Board of Education and an equal number of concerned citizens of the community. Estimated receipts and expenditures are budgeted by fund, department and major category.
2. The budget committee conducts public hearings for the purpose of obtaining taxpayer comments.
3. The budget committee proposes a budget to the Board of Education. The estimated expenditures for each fund may not be increased by more than 10 percent by the Board, and ad valorem taxes for all funds may not exceed the amount shown in the budget document unless the Board republishes the budget and holds additional public hearings.

LANE COMMUNITY COLLEGE

Notes to Financial Statements
Year Ended June 30, 2009

9 – BUDGET: (Contd)

4. The Board legally adopts the budget before July 1 through a Board resolution. The resolution authorizing appropriations for each fund sets the level by which expenditures cannot legally exceed appropriations. The level of control established by the resolution for each fund is at the major expense function level (i.e. Instruction, Community Services, etc.). Appropriations lapse at year-end.
5. The Board may change the budget throughout the year by appropriation transfers between levels of control and supplemental budgets as authorized by Oregon Revised Statutes. During the fiscal year ended June 30, 2008, the Board approved transfer resolutions as allowed by state law.

During the 2008-09 fiscal year, the College overexpended appropriations in the General Fund instruction by \$79,911, General Fund college support services by \$703,210, Administratively Restricted Fund instruction by \$30,579, and the Special Revenue Fund, student services by \$304,041.

10 – RESTATEMENT OF NET ASSETS:

The net assets at July 1, 2008 have been restated due to a change in accounting for the College's post employment health care benefits to adopt the provisions of GASB Statement No. 45. The College previously accounted for the these benefits in accordance with the pension standards. The restatement is as follows:

Net assets - July 1, 2008, as previously stated	\$ 93,160,478
Change in postemployment health care accounting:	
Adjustment to record plan assets	8,254,888
Adjustment to remove net pension obligation asset	<u>(415,973)</u>
Total adjustments	7,838,915
Net assets - July 1, 2008, as restated	<u><u>\$ 100,999,393</u></u>

Required Supplementary Information

LANE COMMUNITY COLLEGE

Schedule of Funding Progress

<u>Actuarial Valuation Date</u>	<u>Actuarial Value of Assets</u>	<u>Actuarial Accrued Liability</u>	<u>Unfunded Actuarial Accrued Liability</u>	<u>Funded Ratio</u>	<u>Anticipated Covered Payroll</u>	<u>Unfunded Actuarial Accrued Liability as a Percentage of Covered Payroll</u>
Early Retirement Plan:

The annual required contribution is calculated using the aggregate actuarial cost method. Information in this schedule is calculated using the entry age actuarial cost method as a surrogate for the funding progress of the plan. The June 30, 2007 actuarial valuation is the first year this information was available. The College receives an actuarial valuation every two years.

Postemployment Health Care Benefits Plan:

7/1/2007	\$ -	\$ 10,755,055	\$ 10,755,055	0%	N/A	N/A
----------	------	---------------	---------------	----	-----	-----

The annual required contribution is calculated using the projected unit credit actuarial cost method. The June 30, 2007 actuarial valuation is the first year this information was available. The College receives an actuarial valuation every two years.

Other Supplementary Information

Description of Budgeted College Funds

Other supplementary information consists of schedules required by the Minimum Standards for Audits of Oregon Municipal Corporations, prescribed by the Oregon Secretary of State. Schedules of Revenues, Expenditures and Changes in Fund Balance – Budget and Actual are presented on a Non GAAP budgetary basis for each College fund required to be budgeted in accordance with the Oregon Local Budget Law.

The level of control established by the College's appropriation resolution is by program (i.e. Instruction, Community Services, Instructional Support Services, Student Services, etc.).

Budgeted College funds are as follows:

General Fund - Accounts for all resources traditionally associated with operating the College which are not required legally or by sound financial management to be accounted for in another fund.

Administratively Restricted Fund - Accounts for specific programs where funds are administratively restricted. Activities recorded in this fund generate revenue primarily through specifically assessed tuition and fees or through other revenue-generating activities.

Special Revenue Fund - Accounts for projects funded from federal, state, and local grant funds.

Student Financial Aid Fund - Accounts for federal, state, and local student loan and grant programs associated with student financial aid.

Debt Service Fund - Accounts for the funds collected to pay the debt service requirements on bonds, debt obligations and pension bonds payable.

Capital Projects Fund - Accounts for improvements to the physical plant of the College and major equipment additions.

Enterprise Fund - Accounts for the operation of the College's bookstore, food service, student health service, laundry, performance season, ASLCC Childcare Co-op, and ASLCC Student Body Fees.

Internal Service Fund - Accounts for goods and services provided on a cost-reimbursement basis to various departments within the College. Programs and activities include warehouse, printing and graphics, telephone services, motor pool and other.

STATISTICAL SECTION

This part of Lane Community College's Comprehensive Annual Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosures and required supplementary information says about the College's overall financial health.

Financial Trends - These schedules contain trend information to help the reader understand how the College's financial performance and well-being have changed over time.

Revenue Capacity - These schedules contain information to help the reader assess the College's most significant revenue sources, tuition and property tax.

Debt Capacity - These schedules present information to help the reader assess the affordability of the College's current levels of outstanding debt and the College's ability to issue additional debt in the future.

Demographic and Economic Information - These schedules offer demographic and economic indicators to help the reader understand the environment within which the College's financial activities take place.

Operating Information - These schedules contain services and infrastructure data to help the reader understand how the information in the College's financial report relates to the services the College provides and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year. The College implemented GASB Statements 34 and 35 in 2003; schedules presenting 'government-wide information' include information beginning that year.

Notes

- a. Overlapping rates are those of other local governments that apply to property owners within Lane County who are located within the other local government's boundaries.
- b. Rates may vary based on map code combination of taxing districts and application of Oregon Ballot Measure 5 limits.
- c. Beginning in FY1998, tax rates were adjusted under Oregon Ballot Measure 50.
- d. Lane County rate is shown net of timber offset
- e. Represents Wyatt school district bonds
- f. For 2004 Creswell Fire District merged with Southern Lane County FPD to form South Lane County Fire & Rescue.
- g. Bonds paid off in 2003.

INDEPENDENT AUDITOR'S REPORT ON THE INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF THE FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

December 1, 2009

Board of Education
Lane Community College
Eugene, Oregon

We have audited the financial statements of Lane Community College as of and for the year ended June 30, 2009, and have issued our report thereon dated December 1, 2009. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Lane Community College's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Lane Community College's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Lane Community College's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the Board of Education, management and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specific parties.

A handwritten signature in black ink that reads "Kenneth Kuhns & Co." in a cursive script.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS
APPLICABLE TO EACH MAJOR PROGRAM AND ON THE INTERNAL
CONTROL OVER COMPLIANCE IN ACCORDANCE
WITH OMB CIRCULAR A-133

December 1, 2009

Board of Education
Lane Community College
Eugene, Oregon

Compliance

We have audited the compliance of Lane Community College with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended June 30, 2009. Lane Community College's major federal programs are identified in the summary of audit results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of Lane Community College's management. Our responsibility is to express an opinion on Lane Community College's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Lane Community College's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of Lane Community College's compliance with those requirements.

In our opinion, Lane Community College complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2009.

Internal Control Over Compliance

The management of Lane Community College is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered Lane Community College's internal control over compliance with the requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Lane Community College's internal control over compliance.

A control deficiency in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the entity's internal control.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

Schedule of Expenditures of Federal Awards

We have audited the financial statements of Lane Community College as of and for the year ended June 30, 2009, and have issued our report thereon dated December 1, 2009. Our audit was performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

This report is intended for the information and use of the Board of Education, management and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

B - FINDINGS, FINANCIAL STATEMENTS AUDIT:

None.

C - FINDINGS AND QUESTIONED COSTS, MAJOR FEDERAL AWARD PROGRAMS
AUDIT:

None.

INDEPENDENT AUDITOR'S COMMENTS

INDEPENDENT AUDITOR'S COMMENTS

Internal Control

Our report on the College's internal control over financial reporting is presented on pages 60 and 61 of this audit report.

Other Comments and Disclosures

In connection with our audit, nothing came to our attention that caused us to believe the College was not substantially in compliance with:

- ORS Chapter 295 regarding collateral securing depository balances,
- ORS 294.035 regarding the investment of surplus public funds,
- the legal requirements relating to debt,
- ORS 294.305 to 294.565 in the preparation and adoption of its budget for the fiscal years ending June 30, 2009 and June 30, 2010, and the execution of its budget for the fiscal year ended June 30, 2009,
- ORS Chapter 279 in the awarding of public contracts and the construction of public improvements,
- the appropriate laws, rules and regulations pertaining to programs funded wholly or partially by other governmental agencies,

except as follows:

- As discussed in Note 9 to the financial statements, the College overexpended appropriations in certain funds.
- ORS 294.810 restricts the amount of surplus funds that can be invested in the Local Government Investment Pool. In January 2009, the College exceeded the limit.

However, it should be noted that our audit was not directed primarily toward obtaining knowledge of noncompliance with such requirements.

Additionally, we make the following comments:

- The accounting records are generally adequate for the needs of the College.
- We have reviewed the College's insurance and fidelity bond coverage for compliance with legal requirements. Since we are not experts in insurance matters, we make no representation as to the adequacy of such coverage.

COMMENDATION

The courteous assistance and cooperation extended to us by employees and officials of the College during the course of the audit are sincerely appreciated.
