

Melanie -- Please include this in request in your December agenda, if possible. Lots of careful thought went into the wording with many variations considered.

Do you think the committee will want someone from ECE to attend the meeting in case there are questions?

Jean and Kathy - Thanks.

Cathy Lindsley, Division Dean
Lane Community College

ECE 140 Theory and Supervised Teaching 1 will be changed to **Practicum, Level 1 - LCC Child Development Center**

ECE 240 Theory and Supervised Teaching 1 will be changed to **Practicum, Level 2 - LCC Child Development Center**

Cathy and the faculty have already discussed the rationale for this: ECE students signing up for classes need a better understanding of the lab component requirement of the degree program and this title change is meant to facilitate that. She is in agreement and so Cathy I will leave it to you to put that in a follow up email to Melanie.

Thanks all!

Jean
