Hello Mary,

I met with Beth Landy (lead instructor for CG 140, Career and Life Planning) shortly before winter break. Beth is also very familiar with the CG 100 (College Success) curriculum. We discussed the potential overlap between proposed RTEC 101 and CG 100 and CG 140. After discussion, we concurred that the overlap was minimal (less than 30%). With this in mind, I withdraw my concerns about approving RTEC 101 for inclusion in the curriculum. I would be happy to explain this at our next curriculum meeting and support RTEC 101 approval.

Thanks,
