

## **SLD 112 and SLD 113 Changes**

I am submitting paperwork to have my SLD 112 and SLD 113 classes qualify for the AAOT Social Science requirement. Presently, these classes are offered in a variable credit status from 2-4 credits. To facilitate their transition to AAOT Social Science status, we need to remove the variable credit status to 4 credits. The content of these courses do not change only the variable credit status.

Thank you
