

Adobe Read-Out-Loud

Start by downloading any version of Adobe Reader. The controls for this are the same for every version.

Start by clicking the "Edit" menu and then click "Preferences". Set the volume where you want it. Then choose a voice that works on your computer. When you're happy with the preferences, click OK.

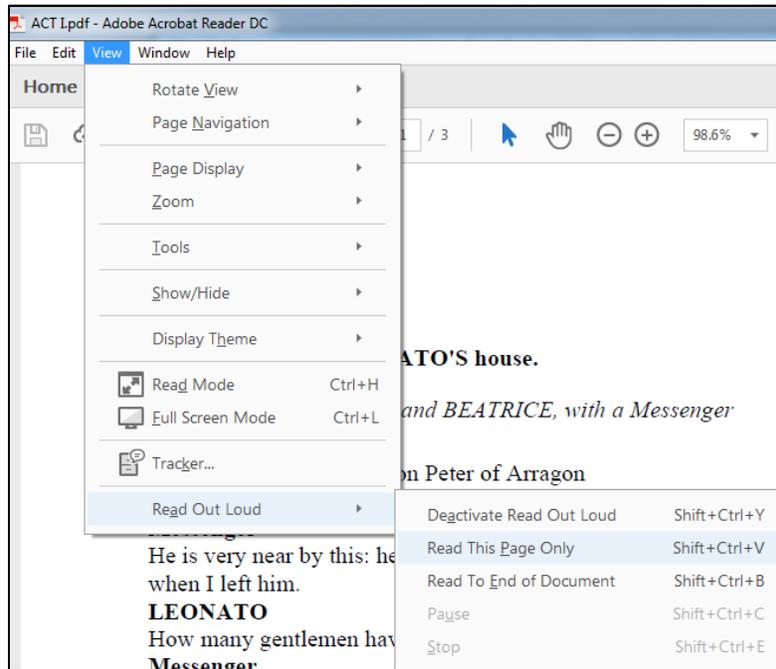

Now, click "View" then "Read-Out-Loud", then "Activate Read-Out-Loud".

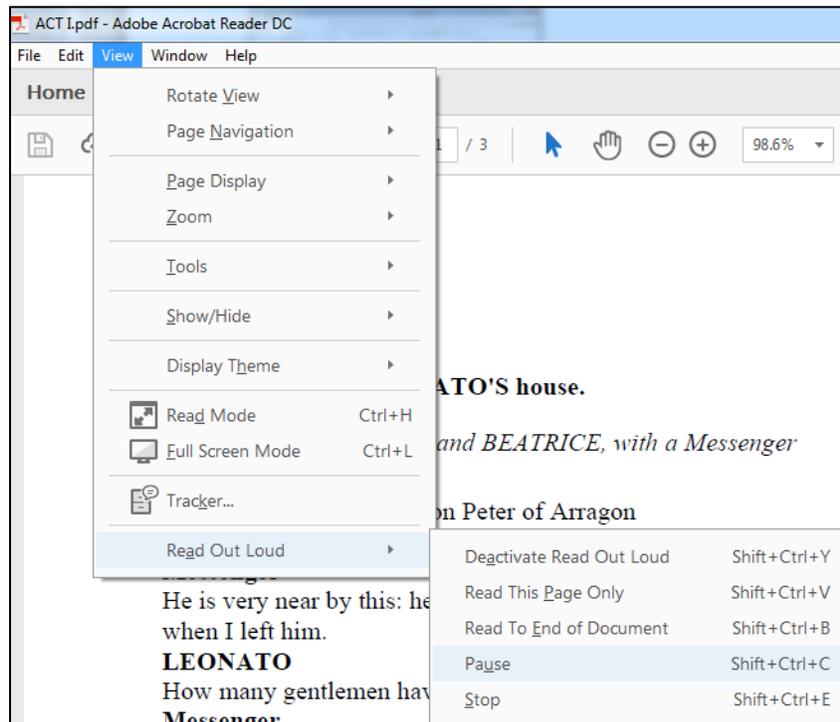

Make sure your computer volume is turned up to your comfort level.

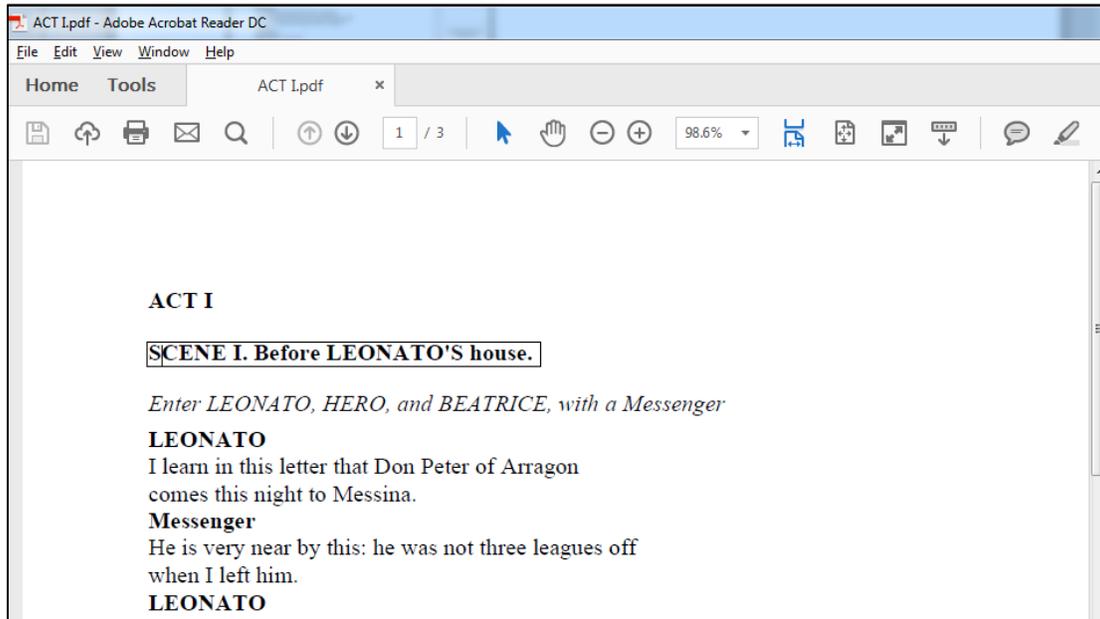

Go back to Read-Out-Loud and click either "Read This Page Only" or "Read to End of Document" to start Read-Out-Loud.

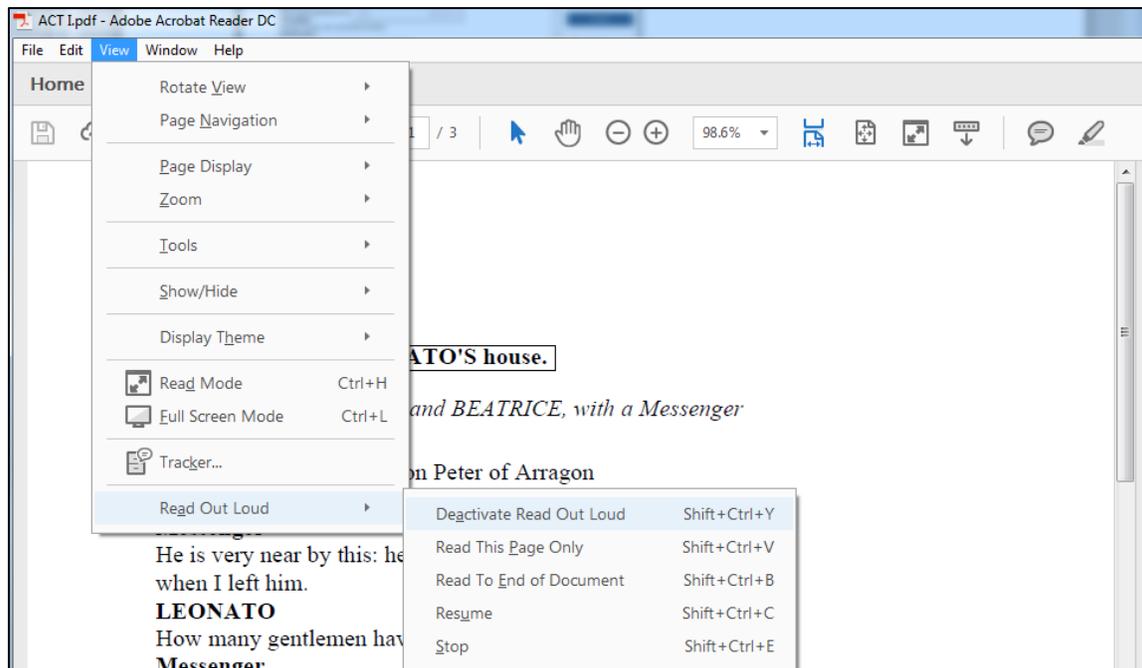

Go back to Read-Out-Loud and click "Pause" or "Stop" to stop Read-Out-Loud.

Click on sections of text to have Read-Out-Loud read just that section.

Click "Deactivate Read-Out-Loud" to quit reading the pdf.
