Briefly explain the topic, issue, question, concern, project, and/or problem that the group will address.

Specific topics to be explored, but not limited to:

- Teaching and learning with technology—Teachers at DCA and newly remodeled rooms in Building 11 are discovering different ways to utilize the technology available in their classrooms and we will share our successes and failures in these endeavors
- Teachers that went to the TESOL convention in Portland over spring break will share what they learned from the technology presentations they attended.

Provide a tentative outline of planned activities, meetings and/or topics.

Our group is planning on meeting on five Fridays during spring term for two hours at a time.

What do you see as potential outcomes of this FIG?

- A shared vision of our technology goals as a program.
- More knowledge of current technology and how it relates to ESL teaching.
- Better cohesion as a department.

Provide a brief overview of proposed budget.

We would request money for duplication of articles, and books and materials related to our topic, estimated at \$95. Each meeting will include a light dinner for participants at \$81/per meeting for a total of \$405.
