

Join a Lane Learning Community that will help you get **COLLEGE SCHOLARSHIPS**

You must be persistent and committed to locate and apply for college scholarships. In addition, it is difficult to think at a deep level about yourself, your accomplishments, and your goals, then effectively express them in writing.

This learning community provides you with the structure and support to complete quality scholarship applications, as part of a well-developed scholarship portfolio. You will develop skills in self-assessment, planning, organization, writing, and scholarship research.

What past students are saying . . .

- ***“I wouldn’t have found scholarships without this class.”***
- ***“The structure and support were great!”***
- ***“Now I have the tools to show my best to others . . .”***
- ***“Thanks for breaking the process into manageable steps!”***

How do I enroll in “*SHOW ME THE MONEY!*” ?

Students must register for both classes in the learning community

TRIO students

Register for both classes:

CG105 Money for College
CRN 2045
