Welcome to My Oregon Registry Online

MyORO is a convenient new professional development tool of the **Oregon Registry**. If you work in Oregon's childhood care and education field, use myORO to track your training and education, help you to plan for future training and education, and customize your professional development experience. Here are some of the frequently asked questions concerning ORO.

Want to Create an Account?

If you have never logged in to myORO, click the Login: My Account menu to create an account and complete a three step process:

1. Create a myORO account. You will enter information to match your existing training records. If matched, a confirmation email will be sent that has a link that expires in three days.
2. Check your email account's inbox for the confirmation message and click the link. Remember to check your spam or junk folder, too.
3. Follow the prompts to activate your account. Do not close your browser until you have completed the process which includes reviewing and updating your contact information.

*A personal email address will be required and you will need access to your email to accept the myORO account confirmation. The confirmation will expire three days after you create the myORO account.

How do I get online access to my ORO account and training? How do I log in?

If you're working in the field, chances are we already have your record in our database. Click the Log In My Account link and provide some basic information so we can find your record. Once we find your record, we will email you a link to log in. Follow the instructions in the email to log in the first time and create your password.

Who do I contact if I have questions about training I have submitted?

You may have questions about missing training, 'not accepted' training or duplicates. If so, you can send an email to orohelp@pdx.edu or call 1-877-725-8535 to speak with an Oregon Registry Specialist.

What if my training isn't showing up in ORO?

If you're sure your training and education made it to Salem at least 10 business days ago, please contact us at 1-877-725-8535 or at orohelp@pdx.edu. If your PDS still doesn't print, visit Acrobat Help/Troubleshoot PDF printing for some suggestions.

<http://helpx.adobe.com/acrobat/kb/troubleshoot-pdf-printing-acrobat-reader.html>

Who has access to the information in my ORO record?

Authorized personnel with the Office of Child Care (formerly known as the Child Care Division), the Oregon Center for Career Development, Department of Human Services, and/or the Central Coordination of Child Care Resource and Referrals, and local child care resource and referral programs may access your training through ORO.

How do I get my ORO password?

It depends on whether or not you have already accessed your ORO account. If you haven't accessed your ORO account, first you'll need to click the Log In My Account link and provide some basic information so we can find your record in our database. Once we find your record, we will email you a link to log in and create your personal password.

If you have accessed your ORO account but forgot your password, click the Forgot Password? link and follow the instructions provided. We will email you a link to log in and create a new password.

How do I get help?

For information about your ORO account, call us toll free at 1-877-725-8535 or email orohelp@pdx.edu.

Read All About It

Have you been curious about the Reggio Emilia Approach and how to use those same ideas in your child care program? **Are you in need of higher level (set 2 or set 3) training to advance on the Oregon Registry?**

LCC, Early Childhood Education Program introduces:

Exploring the Reggio Emilia Approach to Early Childhood Education

A **one credit class** with the Core Knowledge Category: Learning, Environments and Curriculum. Open to All Early Childhood Practitioners, Saturday April 26th, 8:00-4:30, LCC Main Campus, Eugene OR. **Cost: \$45** After qualifying for Oregon Statewide Scholarship Funds or QRIS Scholarship Funds for all Lane and Douglas providers. A non-credit SET 1 option will be available, cost \$40, includes all class material and 8 hours of training. Register starting April 7 with Family Connections. Or register now as a credit student!!

New Health and Safety Training Requirements Effective April 1, 2014

The Office of Child Care (OCC) and Department of Human Services (DHS) received Federal notification in July of 2013 regarding Health and Safety training requirements for Child Care Providers.

The new regulations will affect **License-Exempt and Registered Family Child Care Providers who care for children receiving a DHS child care subsidy**. The required "Basic Child Care Healthy and Safe" training will cover three specific areas; prevention and control of infectious disease, building and physical premises safety, and health and safety training.

The implementation date for the Basic Child Care Healthy and Safe training is April 1, 2014. This is a pre-service training. This means the training will need to be completed before a child care provider can be approved and listed with DHS.

The Basic Child Care Healthy and Safe training will be available online and will take approximately 2 hours to complete. Completion of Oregon Kids Healthy and Safe classroom version will also meet this requirement.

On April 1, 2014 the Provider Listing and Pre-list forms will be updated with information about how to access the online training or find more information at: www.oregon.gov/dhs/children/pages/childcare/providers.aspx

If you are currently listed with DHS you will not be required to take the training until you reach your next reevaluation date.

*Family Connections will offer the classroom version of the training in Eugene. See training bulletin for date and time.

Concerned About a Child in Your Childcare or Preschool Setting?

Early Childhood CARES helps children ages birth to 5 years who have developmental delays or disabilities.

If you have concerns about a particular child in the areas of speech and language, fine and gross motor skills, behavior, socialization, learning, vision and hearing, please contact Early Childhood CARES. Early Childhood CARES will provide a free developmental screening. All services are provided at no cost to families and no insurance is required call 800-925-8694.

QRIS Star Program Spotlight

Wildflower Day Care is currently participating in the QRIS program. I, Rionna Ruley, primary provider of our program, was first introduced to the program while attending the Build a Business Cohort. During this cohort I was working on creating a strong foundation for our program. I was very excited to learn that Douglas County would be participating in the field study for the QRIS program.

I was fortunate that many of the changes I worked on with the Build a Business cohort aligned with the QRIS portfolio. Our first step was to build a quality improvement plan. Once we identified the needs of our program we were able to use the support funds from the QRIS program to make necessary improvements.

For us, support funds were important in making the necessary changes to our program. There is very little funds left over for program improvements in our budget. Once we completed the improvements we used photographic evidence and copies of handbooks to support our portfolio. While working on the portfolio it was important to clearly explain how what we were doing met portfolio standards. Some of the changes we made with our improvement funds included more culturally diverse materials in our program, more portable gross motor play equipment and organizing and labeling our storage spaces for toys and materials. In addition, we worked on hiring staff that were well qualified and getting current staff at a level that met the personnel qualifications.

In November, Wildflower Day Care officially achieved a 4 star quality rating. It was a proud moment for our program. So far, in 2014, we have completed and resubmitted our portfolio for a 5 star rating. We are anxiously awaiting the results. I would highly encourage any provider who qualifies to take part in the QRIS program. As child care providers, our program believes that we must always be striving for improvement to be leaders in early childhood education. *** As of March 2014, Wildflower Day Care just received their 5 star rating!**

Required classes for CCD Registration

Food Handler Permits

FC offers the child care version of the Food Handler's manual (blue book) and testing in a self study option ONLY. For a manual and instructions, please contact FC office. Cost for the self study packets is \$10.00 per permit. There is also an online option @ www.childcarefoodhandler.org

First Aid/CPR Training

Receive a 2 year First Aid/CPR Certification. Cost \$40.00 per person

Lane County Child Care Training Bulletin: April - June 2014

All workshops count toward the Child Care Division training requirements. Please note: all categories except PM & PPLD are considered "child development." *See below for CKC abbreviations.

Date/Time	CKC	Title/Description	Trainer	Cost
Spring Registration Starts April 7 541-463-3954 or 1-800-222-3290 Page 1				
April 22 Tuesday 6:30-8:00 pm Set 1	PPLD	Professional Development in Early Education Confused about ORO and Oregon Registry? Learn how to navigate these separate, yet related systems to develop and maximize your own professional development plan. You will walk away understanding these systems as a key ingredient for marketing as well as a pathway to scholarships and financial incentives.	Lynn Reiling Family Connections Staff	Free
April 23 Wednesday 6:30-8:30 pm Set 1	SN	Introduction To Inclusion Introduction to Inclusion is an overview of the inclusion, generally presented as a first module in a four-part series. This course reviews the history of support services for children with disabilities (medical model vs empowerment model the philosophy of inclusion, person-first language and the benefits of inclusion programs. (All Ages) (Repeat)	Katy Fuller Family Connections Staff	\$15
April 26 Saturday 8:00-4:30 pm Set 1	LEC	Exploring the Reggio Emilia Approach to Early Childhood Education Examine the ways in which Reggio Principles could be used to transform the environment that the learner works in physically, emotionally and socially. Create plans and opportunities for more purposeful, intentional, joyful and peaceful work with young children and families based on the Reggio Inspired Approach. (All Ages)	Bev Hickey LCC ECE Faculty	\$40
April 29 Tuesday 6:30-8:30 pm Set 1	PPLD	Promoting What We Do At a time when Early Childhood Learning and Pre-K have become "buzz words" within the committee rooms and offices of our legislature, how do we find the tools of leadership to make our voices heard for us, our families and the children we guide in learning? Participants will learn effective leadership and lobbying tools that can help them create understanding that will build a path for healthy, equitable, successful learning communities. (All Ages)	Gergiann Jones Community Trainer	\$15
May 1 Thursday 6:30-8:00 pm Set 1	HSN	Implications of Prenatal Drug Exposure Learn the characteristics of babies who were exposed to drugs and/or alcohol during their gestational period. Focus on the most commonly used substances in our community and talk about the child's short- and long-term outcomes and needs. Dr. Phelps will talk about current scientific evidence about the impact of prenatal drug exposure on children and use real cases to illustrate practical issues in the preschool-aged population.(All Ages)	Dr. Randall Phelps, Developmental and Behavioral Pediatrics Specialist - Child Development & Rehabilitation Center	Free (Partnering with Early Childhood CARES)
May 15 Thursday 6:30-8:00 pm Set 1	LEC	Secondary Level PBIS Teaching Strategies to Target Key Social Skills with Preschool Age Children Little kids have BIG emotions. Teaching young children social emotional skills is a critical component of early learning and school readiness. By teaching positive social emotional skills at an early age, children will be able to better play and relate with others, manage adversity, communicate and learn. Participants will be introduced to the Second Step curriculum and how it can be used in the context of Positive Behavioral Interventions and Supports (PBIS). (Preschool)	Natalya McComas, Behavior Specialist with Early Childhood CARES	Free (Partnering with Early Childhood CARES)
May 17 Saturday 9:00-12:00 pm Set 1	HSN	Oregon Kids: Healthy & Safe How do you keep young children safe and healthy in your care and education program? How can you protect health and prevent injuries? Come to learn about the most common illnesses and injuries and how to prevent them. (No age-related content)	Pamela DuVall MAT Master Trainer	\$20 includes resource book

Roseburg, OR

Spring FLING 2014

*Up to 8 hours of Interactive Early Childhood Education Training.
Children's Art Gallery, Book Fair, Door Prizes, Breakfast AND Lunch.*

All for only \$20!

2 options to choose from:

8:30am-3:15pm

Diversity Within Us All

3 hours Set 2

Instructor: Pamela Duvall

CKC: Diversity

Are there times when you feel the fit between you and a child/family isn't working, no matter what you try? Are there times when children talk in ways you don't feel confident in how to respond? Do you feel culturally competent? In this training, you will examine diversity within us all through meaningful activities that you can apply the next day in your own child care setting.

Adapting Activities & Materials for Inclusion of Children with Disabilities

3 hours Set 2

Instructor: Joyce McCoy

CKC: Special Needs

Participants will explore ways to encourage inclusion by adapting the activities that are commonplace in most child care programs. Participants will also have the opportunity to practice creating some adapted materials and take some examples home with them. This is hands-on learning for adults!

8:30am-5:15pm

Counting Leaves & Wild Hypothesis

8 hours Set 1 (or credit)*

Instructor: Linda Rhine

CKC: Learning Environments (6)

Human Growth & Dev. (2)

This 8-hour workshop helps teachers utilize the outdoor classroom as a vehicle for math, science, and inquiry based activities. Children today lack opportunities to experience nature and teachers often need ways to bring science and math to life. What better way to help them take steps towards stewardship of the natural world as they increase their understanding of the scientific method and how math relates to all areas of life. Use your own problem solving skills in this hands-on workshop and don't be afraid to get a little dirty!

***1 college credit through UCC available for this session with an additional fee of \$25. Please ask for more information about this option when registering.**

Register by calling Family Connections at 541.440.7705

Escala de Calificación de Calidad de Cuidado Infantil/ Oregon's Quality Improvement System (QRIS)

Este invierno fui a un entrenamiento de QRIS en Western Oregon University (WOE). La universidad de WOE espera que la información este traducida esta primavera. Para más información de QRIS visite a:

<http://www.wou.edu/tri/QRIS/process.html>

Creación de su propia página en el Internet

¿Sabía usted que las computadoras son muy importantes para su vida profesional? El uso de computadoras es parte de la vida diaria y esta clase le ofrece la oportunidad de crear su propia página en el Internet. Usted diseñará su página y usará herramientas en el internet para promover su negocio, buscar y aplicar para trabajos o becas, o empezar la universidad. Nosotras nos ayudaremos para poder tener éxito en esta clase. Las clases son los martes y jueves de 6:00 PM a 8:00 PM. Esta clase es ofrecida a personas que han tomado clases básicas de computación. Si tiene preguntas llame al [541-463-3253](tel:5414633253) y pregunte por Rita Loop.

¿Qué es ASQ-3?

Los Ages & Stages Questionnaires, son un conjunto de cuestionarios sobre el desarrollo infantil. Se han empleado por más de 20 años para verificar que el desarrollo de los niños sea normal. El ASQ-3 es considerado como una herramienta de monitoreo porque evalúa el proceso del desarrollo de los niños en áreas importantes, tales como el habla, la habilidad física, la habilidad social, y la habilidad de resolver problemas. ASQ-3 puede ayudar a identificar las áreas de fortaleza que tiene su niño, asimismo como cualquier área en la que pueda necesitar ayuda. Para más información, hable con un profesional de salud, con un especialista en educación, o visite el sitio Internet www.agesandstages.com
