ABOUT LANE

Lane Community College is known for its innovative programs, high-quality instruction, and commitment to sustainability. Other great reasons to attend Lane:

- It's affordable, just \$102.50 per credit. That means you'll save at least \$11,200 by completing your first two years at Lane before you transfer.*
- Small class sizes allow you to make connections with instructors who are personally invested in your success.
- You will gain the skills and knowledge you need for whatever comes next, whether you are transferring to a university or planning to enter the workforce.

*Compared to University of Oregon tuition and fees.

TANYA GUIDRY

KEVIN LODER

A PASSION FOR SUCCESS

Tanya moved around a lot when she was younger, but she finally settled in Eugene and began summer classes at Lane. She knew her family could not finance her college education, so she applied for scholarships and received \$30,000. After taking anatomy and physiology, Tanya knew she had found her passion. Within days of graduating from Lane with her Associates Degree as a Registered Nurse, Tanya accepted a position at McKenzie-Willamette where she had previously completed an internship. She went on to graduate from Oregon Health and Sciences University with a Bachelor's Degree in nursing, a path she may not have pursued had she not attended Lane. "The teachers at Lane truly loved and enjoyed what they did and that made me want to succeed."

TITAN TO DUCK

After graduating from high school early, Kevin struggled to find his place in the world. He worked at a few retail jobs and attended three different colleges before finding what he was looking for at Lane. "Lane offered community and support," said Kevin. Through his journey, he discovered a talent for communications. Kevin graduated from Lane and was accepted into the School of Journalism and Communication at the University of Oregon. He is very thankful for everyone at Lane who contributed to his success. Now Kevin is ahead of the game and intends to follow his passion wherever it may take him.

MARIA SOLLO DIAZ

JAKE REED

WORKING TOWARD A DREAM

Maria received support and guidance from her instructors at Lane while learning to adapt to the American culture and language. “When you come to America, and you don’t know English, everything is without color, because language colors our world,” said Maria, from Oaxaca, Mexico. She gained confidence by taking classes through Lane’s ESL, Transiciones, and Career Pathways programs. Now Maria works as a classroom aid at a local elementary school as she pursues her long-term goal of becoming a broadcast journalist.

A CAREER AFTER GRADUATION

After moving back to Oregon from southern California, Jake wanted to pursue his passion for cooking. He had previous experience in the restaurant business, but decided he wanted to learn more. During Jake’s time in Lane’s Culinary Arts and Hospitality Management program, he interned with Koho Bistro. The cooperative education program helped Jake get his foot in the door to pursue his dream. Now he is Koho Bistro’s sous chef. “I couldn’t be happier,” said Jake.

STUDENT APARTMENTS

Titan Court, Lane's fully furnished student apartment complex, is located in the heart Eugene next to the Downtown Campus. The city's main transit station is right across the street, and Main Campus is just a short bus ride away. If you decide to transfer to UO or NCU after your time at Lane, you won't have to move, as Titan Court is open to all college students! Gather a group of friends or let the Titan Court team find a compatible roommate for you. Living here will be safe, fun, and simple. **One check takes care of everything:** furniture, utilities, Wi-Fi, and rent. Learn more at titancourt.com.

TRANSFER AREAS

CAILEAN DAKOTA MACCOLL

FUTURE PHYSICIAN

Cailean Dakota MacColl, a South Eugene High School graduate, didn't have a clear career goal. But serving as her sister's caregiver for a year following graduation inspired Dakota to pursue a career in medicine. She enrolled at Lane to develop strong study habits and time management skills before embarking on a rigorous academic journey. "I owe my success as a student to Lane," says Dakota, who took general education requirements and Lane Honors Program classes in biology and writing. The Honors Program "gave me confidence," says Dakota, who transferred to the University of Oregon with a 3.83 GPA—highly prepared to pursue her dream of becoming a physician.

BENEFITS OF THE TRANSFER PROGRAM:

- Cost savings of at least 50% per year compared to attending the UO or OSU.
- Smaller class sizes
- Free academic tutoring and resource centers
- Strong faculty connections

EXAMPLES OF COLLEGES LANE STUDENTS HAVE TRANSFERRED TO:

- University of Oregon
- Oregon State University
- Portland State University
- University of Washington
- Stanford University
- University of Southern California
- Georgetown University
- Harvard University

WHERE WILL YOU CHOOSE TO GO?

START YOUR CAREER HERE

Lane provides access to more than 40 cutting-edge career technical (CT) programs that lead to certificates and degrees. The programs come with national, and sometimes international, certification and awards. All of these programs have an internship component through Lane's Cooperative Education program, which will enhance your resume and make you more competitive in the job market. Visit lanec.edu for more information.

COOPERATIVE EDUCATION

Cooperative Education (Co-op) is a partnership between Lane Community College, the business community, and Lane students. Students earn credit and a grade while working full-time or part-time in positions related to their careers and academic goals.

More than 800 employers participate in Lane's Cooperative Education program each year. This has helped Lane become a national leader in Cooperative Education and places it among the largest Cooperative Education programs in the nation.

JOHANNA CLEMENTE-MCNUTT

LIFE AT LANE

CO-OP = WORK EXPERIENCE

Through Lane's Co-op program, Johanna received hands-on work experience as a graphic design intern for a local public relations and marketing firm. Her Co-op experience will help her achieve her dream of becoming a marketing coordinator for a local nonprofit. Johanna moved to the United States from The Dominican Republic when she was 29 years old. Although she had worked previously in advertising and marketing, she struggled with the language barrier in her new country. Johanna decided to enroll at Lane to learn English so she could pursue her dream of returning to her original career. "My confidence with the language has grown significantly since I started at Lane," said Johanna. "The counselors and teachers are really supportive and helped me through my journey."

STUDENT ATHLETES

GET YOUR GAME ON!

Lane offers 10 collegiate athletic teams that compete in the Northwest Athletic Conference (NWAC). The Lane Titan teams have won a total of 23 NWAC Championships, 76 Regional Championships, and three NJCAA Championships. Our coaches actively recruit student athletes to compete for Titan teams. Tuition waivers may be awarded to deserving individuals. Walk-ons are welcome and should contact the head coach of the sport they are interested in for further information. The coaching staff assists student athletes in transferring to four-year colleges and universities. Some students continue competing after they graduate from Lane. **For information about Lane Athletics and eligibility requirements, visit lanetitans.net.**
