Public Safety Officer Graduates Reserve Police Academy

Recently, an officer from LCC Public Safety Department graduated from the Reserve Police Academy, conducted by the Lane County Sheriff's Office. Officers were required to attend class Tuesdays,

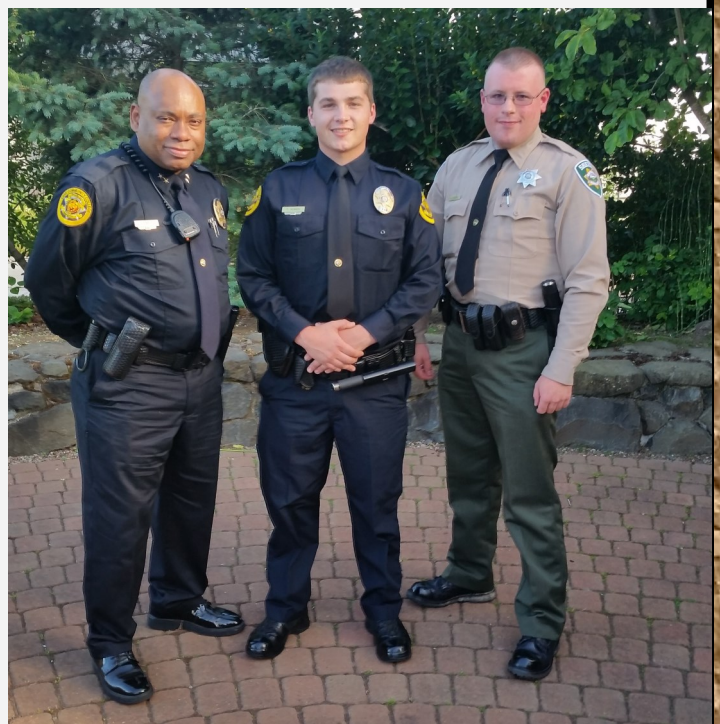

Wednesdays and Saturdays.

Academy courses included (not limited to) Oregon Criminal and Traffic Laws, Investigations, Patrol Procedures, Traffic Stops, Defense Tactics, Use of Less Lethal Weapons (pepper spray, baton and Taser) and Firearms. This training amounts to more than 330 hours.

Public Safety Officer Tyrel Sumich attended the academy on his own time, making personal sacrifices to successfully complete the training. Each year several Public Safety officers attend this additional training.

Participants that complete this training are eligible for certification as a reserve police officer. Former and current Lane Community College Department of Public Safety officers have chosen to become reserve officers in their off time. LCC DPS Cpl. Ben Bower (pictured below) is one example of these. He chose to attend the ceremony representing the Lane County Sheriff's Office.

- Reserve academy graduation
- Officer you should know
- Calls for service
- Health Tip
- Grain of Salt

CRIME SCENE OFFICERS YOU SHOULD KNOW CRIME SCENE

Cadet Kyle Chaquico (pronounced "Cha-key-so") was born and raised in Ashland, Oregon. Chaquico earned his high school diploma from Ashland High School and has attended Rogue Community College. Cadet Chaquico is currently a criminal justice student at Lane Community College.

Chaquico ended up in the Lane County area for school and to live with friends. Chaquico initially became interested in law enforcement while at RCC. Chaquico said that he had a nursing lab partner who was a retired deputy sheriff that told some incredible stories of his service over the years. Chaquico said these stories ignited his desire to serve his community in a different capacity. Chaquico is expected to graduate the criminal justice program with an AAS degree in Spring of 2017.

Chaquico's long term law enforcement goals are to become a sworn police officer on a SWAT team. Chaquico said his favorite part about working in campus law enforcement is the heavy emphasis on community policing and that it is a smaller department with a strong connection to the students. Outside of law enforcement Cadet Chaquico enjoys fitness, mixed martial arts, cooking, and camping.

Recruit Chaquico during Pepper spray training

- Officers responded to a report of an odor of natural gas inside the longhouse. Officer turned off gas line and contacted FMP for service.
- Officer extricated a turkey in distress.

Summer Fun Comes With Summer Dangers

Article by C. Thomas

As the weather gets warmer it is important to remember the impact on our younger children and four legged friends. Each year children die because they are left inside motor vehicles on hot days.

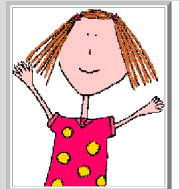

• Total number of U.S. heatstroke deaths of children left in cars, 2016: **23**

• Total number of U.S. heatstroke deaths of children left in cars, 2015: **24**

• Total number of U.S. heatstroke deaths of children left in cars, 1998-present: **684**

Source: <http://noheatstroke.org/> (Retrieved 07/31/2016)

If a campus community member observes a child in a hot car and is concerned about the child's safety, report the concern at once. All Lane Community College employees are mandatory reports. If employees observe these conditions they are required by law to report the situation. For an immediate response contact Public Safety who in turn will determine if the Department of Human Services should be called. Be prepared to provide the call taker with the exact location of the vehicle as well as a detailed description.

With regard to pets, there have been a number of complaints about animals being left in vehicles this summer so far. Remember, that even

with windows cracked and water available, vehicle interior temperatures can sky rocket and cause pets distress and eventually lead to a painful and unnecessary death.

Health Tip By Cpl. V. Miller

Who doesn't love a good smoothie? Below is a list of healthy smoothies your body will love as much as your taste buds!

Chocolate Peanut butter Banana (High in protein, taste like a milkshake)

10 oz. Skim Milk, soy milk, almond milk or rice milk (pick your favorite)

1 TBS natural Peanut Butter

1 Medium Banana (I use frozen bananas for a milkshake consistency)

6+ ice cubes (add more for a thicker consistency)

*Blend all ingredients in blender until smooth. Pour drink, enjoy!

(303 Cal., 9g fat (2g. sat.), 45g carb (4g fiber), 16 g Pro)

Blueberry Smoothie (Weight Watchers Recipe)

¾ Cup Blueberries

1 Cup Crushed Ice

6 oz. Nonfat Blueberry yogurt

* Blend all ingredients in blender until smooth. Pour drink, enjoy!

(Servings: 2 • Serving Size: 1 cup • Old Points: 1 pt • Points+: 2 pt - Cal. 80.5, Fat 0 g, Protein 3.4 g, Carb 16.2 g, Fiber 3.0 g)

Avocado Banana (Good for the heart and waste line; low sodium, low cholesterol, Gluten Free)

¾ Cup 2% Milk (Substitute with coconut milk, rice milk, almond milk or soy milk for a dairy free diet)

2 Bananas

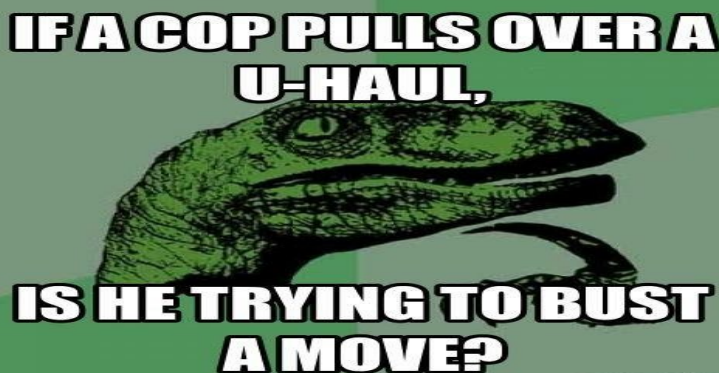

½ Avocado, pitted and peeled

1 TBS Raw Sugar (optional) (replace with 1 scoop vanilla protein powder if you plan to work out)

1 Cup Ice

* Blend all ingredients in blender until smooth. Pour drink, enjoy!

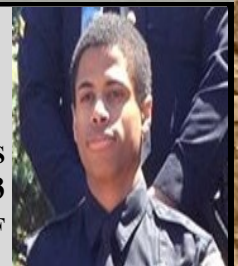

(150 Cal., 5g fat (1.5 sat), 27g carb, 3g Pro)
